

The do not call list has been a wonderful thing. We could not eat dinner in peace. They would call early in the morning and late at night. I have two small children and it was such a burden to have the phone ring with annoying calls. It was getting very annoying and stressful to have these people calling all the time, they were not always easy to get off the phone either. Please do not get rid of this important bill it made a difference in our lives.
